Education is the Key To Success

Success is a Continuous Journey

***Work Hard in Silence
Let Success Make The Noise***

As CEO and Founder of H.B.C.U. Educational Tours & Programs Inc., a CCGRP RVA LLC Program, I would like to first thank each and every person for allowing us to bring this program to our inner-city youth as a positive alternative to

exploring the possibilities of higher education through a vast selection of Historically Black Colleges and Universities (H.B.C.U.) Secondly, I would like to thank everyone who supported us, through generous donations and sponsorships, as a resource that provides free educational programs for inner-city youth.

We will continue to strive each day to open doors to education for all that register as a participant in our programs currently offered and those programs that will be added with each step we take. Our inner-city youth are our present and our future, so we must educate them as leaders today for tomorrow.

H.B.C.U. EDUCATIONAL TOURS & PROGRAMS INC.

A CCGRP RVA LLC Program that was founded on three main principles:

- better to educate one, than to educate none,"
- "bridging the gap to success," and
- "the direction of success."

Through our tours and programs, The Crossley & Coleman Group RVA LLC Companies (CCGRP RVA LLC) will strive each day to offer educational tools needed to assist inner-city youth in their journey:

- to embrace higher education as a part of everyday life,
- to realize that the direction of success begins with them and they are the bridge that closes the gap to success, and
- to provide leadership, mentoring, and a stable foundation to all those that participate in any of our tours and programs, knowing it is better to educate one, than to educate none.
